

Standards-Based Education Teaching/Learning Cycle

Action Planning: Next Steps, Actions, or Strategies for Planning

Introduction

This template is designed as a simple organizer for district and/or school staff to identify current strengths, challenges, and actions for implementing standards-based education practices based on *The Standards-Based Teaching/Learning Cycle*. It can be used at the district or school level in conjunction with data from self-assessments that accompany *The Standards-Based Teaching/Learning Cycle*.
